</tr>
<tr>
<td></td>
<td>Increases cover the period October 1, 2008 through December 31, 2010.</td>
<td></td>
<td>US General Accounting Office - 1 of 16 states with GAO oversight for all stimulus funds, not just DHS funds</td>
</tr>
<tr>
<td></td>
<td>Contains provisions for match when there is a significant increases in unemployment rate. The unemployment tiers are the following: Baseline is NJ’s lowest 3 month average since 1/06 = 4.2%. All states qualify for enhanced FMAP of 6.2%, in NJ this means that our base ARRA stimulus increase would be at a matching rate of 56.2%. To qualify for a Tier and received enhanced federal match, ARRA factors in NJ’s most recent 3-month unemployment rate. The average must be at least: Tier 1 - 1.5% above baseline = 5.7% w/ enhanced fed match to 58.78%; Tier 2 - 2.5% above baseline = 6.7% w/ enhanced fed match to 60.19%; Tier 3 - 3.5% above baseline = 7.7% w/ enhanced fed match to 61.59%.</td>
<td></td>
<td>Internal controls include: Separate federal appropriation unit set up to specifically track the expenditures.</td>

</table>
### Temporary Medical Assistance Program (TMA)
- Provides coverage for certain families who lose Medicaid eligibility due to increased child or spousal support collections or due to an increase in earned income or hours of employment.

**Provisions:**
NJ offers a 24-month Medicaid extension for families who leave TANF for employment. Without this provision, in June 2009 families would have received only 12 months of Medicaid extension.

**NJ Share of Funds:**
There is no additional state savings attributable to this provision.

### Disproportionate Share Hospital Payments (DSH)
- Are payments made by a state’s Medicaid program to hospitals serving a disproportionate share of low-income or uninsured patients. DSH payments are in addition to regular payments received for providing hospital care to Medicaid beneficiaries. DSH payments are capped annually.

**Provisions:**
A 2.5% increase in the capped amount will increase the New Jersey DSH cap by $31.5 million in FFY 2009 and $32.2 million in FFY 2010.

**NJ Share of Funds:**
The Division will now be able to claim up to $31 million in additional hospital expenditures potentially benefiting the General Fund by $15.5 million.

### Medicaid Regulation Moratorium
- Extends moratoria for three of the original six Medicaid regulations: provider tax, targeted case management, and school based transportation services through July 1, 2009.

**Medicaid Regulation Moratorium - Extends moratoria for three of the original six Medicaid regulations:**
- Provider tax
- Targeted case management
- School based transportation services

**Provisions:**
The ARRA also includes a “Sense of Congress” that the HHS Secretary should not issue final regulations for pending rules on cost limits on public providers, graduate medical education, and rehabilitative service.

**NJ Share of Funds:**
The state Graduate Medical Education program expenditures are not at risk under this provision.

### Supplemental Nutrition Assistance Program (SNAP)
- Formerly the Food Stamp Program - Benefit Amounts - 13.6% benefit increase started on April 1. Maximum benefit amount for a family of 3 increased by $63.

**Provisions:**
This provision does not change recipient eligibility criteria nor does it increase the number eligible to participate.

**NJ Share of Funds:**
This is a direct consumer benefit. NJ will not realize any savings through this provision. Note: Research indicates that for every dollar spent in the food stamp program, $1.73 is generated throughout the economy.

### Supplemental Nutrition Assistance Program (SNAP)
- Formerly the Food Stamp Program - Administrative Funding - Supplemental administrative funding.

**Provisions:**
This provision provides an increase in administrative funding to offset the cost to states for implementation of the increased benefit as well as increased cost for administering the program during this period of rapid growth. County Welfare Agencies and Boards of Social Services in all 21 counties are responsible for administering this program. Counties are facing significant financial distress due to the rapid increase in caseloads.

**NJ Share of Funds:**
$4.4 million will be received over two years. Funds will be allocated to all 21 counties for the increased cost of administering the program in light of unprecedented caseload increases.

### Reporting and Tracking
- Governor’s ARRA Oversight Committee; GAO; Federal Medicaid reporting; Routine DMAHS contract monitoring and audits; and DHS ARRA Oversight Committee
### Temporary Assistance for Needy Families (TANF) - Emergency Contingency Fund

- **Provisions**: This provision allows states to access funds when their TANF caseload for a particular quarter exceeds that same quarter in FFY 2007 or 2008. Specific regulations on accessing the fund are not yet available from USDHHS.

- **NJ Share of Funds**: A 20% state match is required on any drawdown from the new TANF Emergency Fund, an estimated $50 million in state money would be required to drawdown the $202 million maximum available amount.

- **Reporting and Tracking**: If we were able to take advantage of these funds, they would be monitored through: Governor's ARRA Oversight Committee; GAO; USDHHS; Routine DFD Monitoring; and DHS ARRA Oversight Committee.

### Child Care Assistance

- **Provisions**: Stimulus funding under this provision is directed to those families who need child care assistance and whose incomes fall below 200% of the Federal Poverty Index ($35,200 annually for a family of three). Families must work full time, attend school full time, or a combination of part time work and part time education to qualify. Provisions of the act require set asides for ensuring quality and for infant/toddler care. In addition, funding can only be used for rising caseloads or new initiatives.

- **NJ Share of Funds**: Maximum amount available over 24 months is estimated to be $68 million. This amount can only be applied to appropriate expenditures as indicated by federal guidance.

- **Reporting and Tracking**: When these funds become available they will be monitored through: Governor's ARRA Oversight Committee; GAO; USDHHS; Routine DFD Monitoring; and DHS ARRA Oversight Committee.

### Child Support Incentives

- **Provisions**: Under this provision, for every child support incentive dollar spent, states will earn $2 in federal match.

- **NJ Share of Funds**: $66.4 million. Note: New federal child support funds cannot supplant existing spending on child support. DHS is awaiting federal guidance on the use of funds.

- **Reporting and Tracking**: When these funds become available they will be monitored through: Governor's ARRA Oversight Committee; GAO; USDHHS; Routine DFD Monitoring; and DHS ARRA Oversight Committee.

### Commission for the Blind and Visually Impaired (CBVI)

- **Provisions**: The allocated amount allows for the provision of independent living services for older individuals who are blind and visually impaired. Emphasis will be placed on outreach and services for minority populations and those in medically underserved, low income, inner city, or isolated areas.

- **NJ Share of Funds**: $1.02 million. Funds are restricted for use under the Vocational Rehabilitation Act.

- **Reporting and Tracking**: Governor's ARRA Oversight Committee; GAO; US Dept of Education; Routine CBVI Monitoring; and DHS ARRA Oversight Committee.
